FROM THE LSFSC PRESIDENT CONTINUED

In other news the Abilene's Butterfield Trail Regulators Christmas in July match was well attended by LSFSC, they had 104 shooters there this year, a new record for them. The winner was our very own Justin Parker!

If all goes well, we will have a Halloween match again this year, the weekend just before the SASS Southwestern Regional at BAR3, on October 30th and 31st.

FROM THE LSFSC PRESIDENT

Greetings, hope you've enjoyed you summer so far, looks like it will get a little warmer before it's over.

First trip out to EOT sure was fun, with lots of sights to see and things to do. We also had a good turnout from our club. Be sure and check out EOT's website for scores, lots of shooters from Lone Star placed really well this year.

Congratulations to Texas Rick O'Shay for a 4th place overall, Justin Parker 1st place Junior Boys and 18th overall, Captain Sam Evans 5th Cowboy and 19th overall, Spur Roberts 2nd Frontier Cartridge and 11th overall. Also Goat neck Clem placed well in Wild Bunch, as well as 6th Senior and 62nd overall, next to him 63rd overall and 11th cowboy; Two Gun Johnnie. Sweet Beulah Land took 2nd ladies gunfighter, with Chula Cat coming in 5th ladies gunfighter.

The clean match awards (white buffalo) went to Non Stop, Spur Roberts, Texas Rick O'Shay, and Long Ranger Rick (who also got a Life membership in SASS for his birthday!).

FROM THE CVV PRESIDENT

Billy Bob Evans
SASS# 53658

Hi everyone! By now you should all know about Showdown. I am not going to talk about it that much, except we do need help running the side matches and to reminded everyone Showdown is on the first weekend in September, 9-4 and 9-5, NOT our normal Aug. match weekend. Several folks I have talked to were thinking it is on our normal Aug weekend. We also will be having a work day on Sunday Aug 22, the plan to move targets and do some minor repairs and clean up. If you would like to volunteer to run a side match contact Billie Bob. If you have not signed up yet the sign-up sheet is in the newsletter.

Not related to Showdown some of you may be getting an email from Rio Hondo Rob, he is working with new and potential new members and trying to pair them with an experienced member who is willing to help and advise new members. It can be a bit overwhelming for some new shooters and by pairing them with an experienced member who they can call on to ask question and advice will make it more enjoyable and less frustrating. Also I am hoping by doing this we will retain new members.

FROM YOUR MEMBERSHIP COORDINATOR

Rio Hondo Rob

As the Membership Coordinator, I have two goals; first to draw in more new members (to both clubs), and secondly to contact inactive members and get them back shootin' with us again!

In the first role, there is a plan to inform and welcome new member prospects and to encourage their interest in CAS. I intend to act as "Information Central" for new prospects. The follow-up will be most important. I really need is to be informed of anyone that approaches either CVV (or LSFSC), especially at matches that I can't attend. I need club officers and members to contact me with names, e-mail addresses and hometowns of our new prospects as soon as possible. My E-mail is the best way to do this, or you can phone me directly (see the club officer contact info)

In the second role, I want to track down members that we have not seen for a while shooting at Ormsby Ranch. Working with the membership lists I want to contact the inactives and let them know that somebody is interested in having them come back. I want you, as active members to suggest to me aliases or names that I should pursue.

The overall bottom line is the more shooters we have at our events, the bigger the membership growth for our clubs and the healthier we will be!

Lastly, let's all WELCOME our NEW MEMBERS:

- "Sunrise Zac" a.k.a. George Peralta, of Hillsboro, TX
 - "Rock Rotten" a.k.a. Kevin Stump, of Arlington, TX
 - "Muleshoe Slick" a.k.a. Herb Blair, of Carrollton, TX
- Our 3 newest CVV members!!
And
- "Lefty Wheeler" a.k.a. George Kucinich, of Willow Park, TX
Our newest LSFSC member!!

CUTTING DOWN YOUR AMMO COSTS

By Willie Earp

As it turns out, only about 10 to 20 percent of our Cowboy Shooters reload their own ammo and the rest end up paying high prices for factory ammo at one time or another. For the benefit of our new shooters, yours truly has been talkin' to some local commercial reloaders to help us out in cutting costs. To that end I have several gents that I might suggest to ya. Give them a try and let me know what happens.

THE LONG & SHORT OF THE .45 COLT

by Jim Taylor

The debate over whether there is a .45 "Long" Colt cartridge is an on-going one that has been active for probably 75 years. Elmer Keith alluded to the arguments many years ago when he wrote "...Some newcomers to the game claim there is no such animal, but if they had shot the short variety that Remington turned out in such profusion before, during and after World War I they would see there was some basis in referring to the .45 Colt as the .45 Long..." (Sixguns, page 285)

As far as I know there have never been any .45 Colt cartridges headstamped "Long" and though I have reports of old cartridge boxes marked "45 Long" I have never personally seen any. Mr. Keith referred to them from time to time as "long" Colt's (with a small "L"). If you have ever seen the short Colt .45's you can understand why.

The Winchester .45 Colt's that Paco and I have came from Shootist Keith Owlett who gave them to us a short time before he passed on. The cartridge box is deteriorated and I have it put away now - at least what's left of it. But it is plainly marked ".45 Colt Government". The headstamp on the cartridges is ".45 Colt" ...BUT these are SHORT .45 Colts! The headstamp is the same as the longer .45 Colts, even down to the "W" on the primers.

These are not S&W or Schofield cartridges. The rim diameter is the same as the long .45 Colts, which is smaller than the Schofield rim diameter. These are true .45 Short

Colts. The cartridge is listed in Cartridges of the World on page 306 as ".45 Colt - .45 Colt Government".

I can visualize someone walking into a hardware store around the turn of the last century and asking for a box of .45 Colt's. As the clerk pulls down a box the customer says, "Not the short ones. I want the Long Colts!" and the name ".45 Long Colt" came down to us as a "user-applied" name, not a factory name.

While I can't prove it, I believe the usage was common since Colt had factory cartridges like the .32 Short Colt, .32 Long Colt, .38 Short Colt, .38 Long Colt, .41 Short Colt and the .41 Long Colt.

I pulled one of the .45 shorts apart and weighed and measured it. The case is 1.1" long. The powder charge was black powder, approximately 28 grains. The bullet weighed right at 230 gr. and was lubed with a white chalky-looking substance. I fired one from my Ruger 7 1/2" barreled .45 and it went through the chronograph at near 750 fps.

The following week I went out in the hills and called up a nice large coyote and shot him with the .45 short. He ran to within 10 feet of me, responding to the call. I pulled the gun up and shot, hitting him up through the right shoulder and spine, dropping him instantly. The little pointy bullet did not damage the pelt at all. I was able to tan the hide and make a nice looking wall hanging from it.

He was probably the last critter on earth ever killed with a short .45 Colt!
