Safety Meeting - 9:00 am
Match Starts - 9:30 am

Saturday 29th & Sunday 30th
Halloween Match

FROM THE LSFSC PRESIDENT

By Longranger Rick
SASS # 62056

Once again a reminder, October is a busy month at the range. On the second weekend LSFSC monthly match, on the third weekend (SASS Texas state Wild Bunch Championship), fourth weekend Comanche Valley Vigilantes monthly match.

And last weekend of the month Lone Star's annual Halloween match. Even if you're not going to shoot if you have some free time come on out and help. For schedules of events for that particular match check the website (www.lsfsc.com)

Just like last year the Halloween match is club fund raiser, and a FUN match, expect different types of stages and some good practice for the Regional's the following weekend. I heard a rumor there may even be some special collector series one of a kind belt buckles up for grabs for the winners...!

Editors Note

The September CVV Range Scores were not available in time for the publication of this issue

FROM THE CVV PRESIDENT

By Billy Bob Evans
SASS# 53658

Not a lot to talk about this month. By now everyone has heard about the passing of Coyote Calhoun, please keep him and his family in your thoughts.

One of the things that has come up from time to time during our matches is 'what does it mean when we say start with shotgun at ready'. From what I have heard it can mean different things at different clubs. At CVV we follow SASS rules and that means both hands on your shotgun and NO shells in your hand unless stated in the stage description to start with shells in your hand.

SPECIAL RANGE NOTICE

**DUE TO THE DROUGHT
CONDITIONS
AND FIRE HAZARD
ALL SMOKING IS
LIMITED TO
DESIGNATED AREAS
ONLY**

**NO BLACK POWDER
USE UNTIL FURTHER
NOTICE**

A NOTE FROM COWTOWN JACK

Hello, my name is Buddy Chapman, (alias Cowtown Jack) and I am running for a Director's position of the Cowboy Shooting Arm of TSRA. I am a Life Member of the TSRA, a member of the NRA, and a Life Member of SASS. I am also a member of several local Cowboy Action clubs, including both LSFSC and CVV and the Trinity Valley Regulators, which shoot at the Arlington Sportsman's Club.

Those of you who are members of TSRA and receive the bimonthly magazine will, see a ballot in the November issue, which will list of all the candidates. I would appreciate your support by your vote.

As a TSRA Director, I would like to have more representation of North Texas Shooters in the TSRA, and I want to increase membership in shooting sports. We need to get more Men, Women and Kids, in involved in Old West shooting. It's a family sport after all! Thank you so much and I look forward to your vote!

THE STORY OF MARLIN

By Stephen Ricciardelli

John M. Marlin was born in Connecticut in 1836, and served his apprenticeship as a tool and die maker. During the Civil War, he worked at the Colt plant in Hartford, and in 1870 hung out his sign on State Street, New Haven, manufacturing his own line of revolvers and derringers. The outstanding team of inventors he was able to attract developed breakthrough and enduring models, such as Models 1891 and 1893. Today known as Models 39 and 336 respectively, they are the oldest shoulder arm designs in the world still being produced. The lever action 22 repeater (now Model 39) even became the favorite of many exhibition shooters, including the great Annie Oakley.

When John Marlin died in 1901, his two sons took over the business and began a diversification program. In 1915, during World War I, a New York syndicate bought the company and renamed it the Marlin Rockwell Corporation. Marlin became one of the largest machine gun producers in the world for the US and its Allies. After the War, the sporting firearms part of the business became a new corporation, which staggered until 1923, when it went on the auction block.

The story is told that the auction of the old Marlin Firearms operation in 1924 was attended by several curious

children, a small dog and a lawyer named Frank Kenna. Kenna bid \$100 and the properties were his – along with a \$100,000 mortgage. The Marlin Firearms Company has been owned and run by the Kennas ever since, and has seen constant change and improvements. Kenna re-introduced several of the models famous before World War I, and in 1936 established the Marlin razor blade business. His eldest son, Roger Kenna, assumed the presidency in 1947 and Marlin enjoyed steady growth until his death in 1959. When his brother, Frank Kenna, Jr. took over as President. Razor blade production was gradually phased out in order to focus attention on sporting firearms. Frank Kenna, Jr. became Chairman in 1995, and Roger's son, Stephen Kenna, formerly Vice President of Operations and General Counsel, became President. In 1997 he left to pursue other interests. Robert Behn, assumed the presidency in May of 1997 and continues in that role today. Upon Frank Kenna, Jr.'s retirement in 1999, his son, Frank Kenna, III, became Chairman.

Seeking constant improvement became a hallmark of Marlin engineers from day one, and that philosophy has been carried on and demonstrated throughout the 19th-21st Centuries. Beginning with the development of the first side-ejecting, solid-top receiver (called the "Marlin Safety") in 1889, to the 1953 introduction of the Micro-Groove® rifling system for improved accuracy, and through to the 2004 introduction of the T-900 Fire Control System for bolt action rimfire rifles, Marlin engineers have always made extraordinary effort to raise the bar in the firearm manufacturing industry.

The company John Marlin founded still remains dedicated to his original principles. Be assured that you can continue to look for dependable, long-lasting products bearing the name "Marlin." In November of 2000, Marlin purchased the assets of H&R 1871®, Inc., a Massachusetts-based manufacturer shotguns and rifles. Founded in 1871, and now located in Gardner, Massachusetts, today H&R 1871 employs over 200 people. Marketing its products under the brand names of Harrington & Richardson and New England Firearms, H&R 1871 is the largest manufacturer of single shot shotguns and rifles in the world.
